Taft's snowman was a highlight of the Mount Carmel game.

Through the gateway to the future the student sees the vision of a new, entrancing world, as the pathway of Destiny, leads on to Knowledge, Progress, and Achievement. And as the Present rolls on to become the Past, and the student stops along the road sometimes, to look back, he is strengthened by his memories of the love and faith, and friendship he found here at Taft.

Mr. Lantz

Mr. Manelli

Taft has been fortunate to have such a dependable and hard-working engineer as Mr. Lantz; after twelve years of service he has retired. Taft's new addition, completed at the end of 1958, came about partially through the supervisory and planning efforts of Mr. Lantz under the direction of the architect.

Mr. Joseph L. Manelli has been an engineer for the Board of Education since 1924. He has worked at Lowell and Pulaski grade schools and at Spaulding High School. Mr. Manelli came to Taft on October 7, 1960.

Back row, left to right: Mr. E. Welke, Mr. G. Ahlers, Mr. E. Simkus, Mr. P. Barca, Mr. G. Springer.

Ken Zajac, Shirley Nelson, Ann Richards, Ted Kleen, Christine Baran, and Walter Pelczynski strive to increase their reading comprehension through the use of S. R. A. reading cards and vocabulary workbooks.

Miss Kathryn Steinmetz, Miss Louise Hoagland, Miss Helen Hoagland, and Mr. Stuart Crippen.

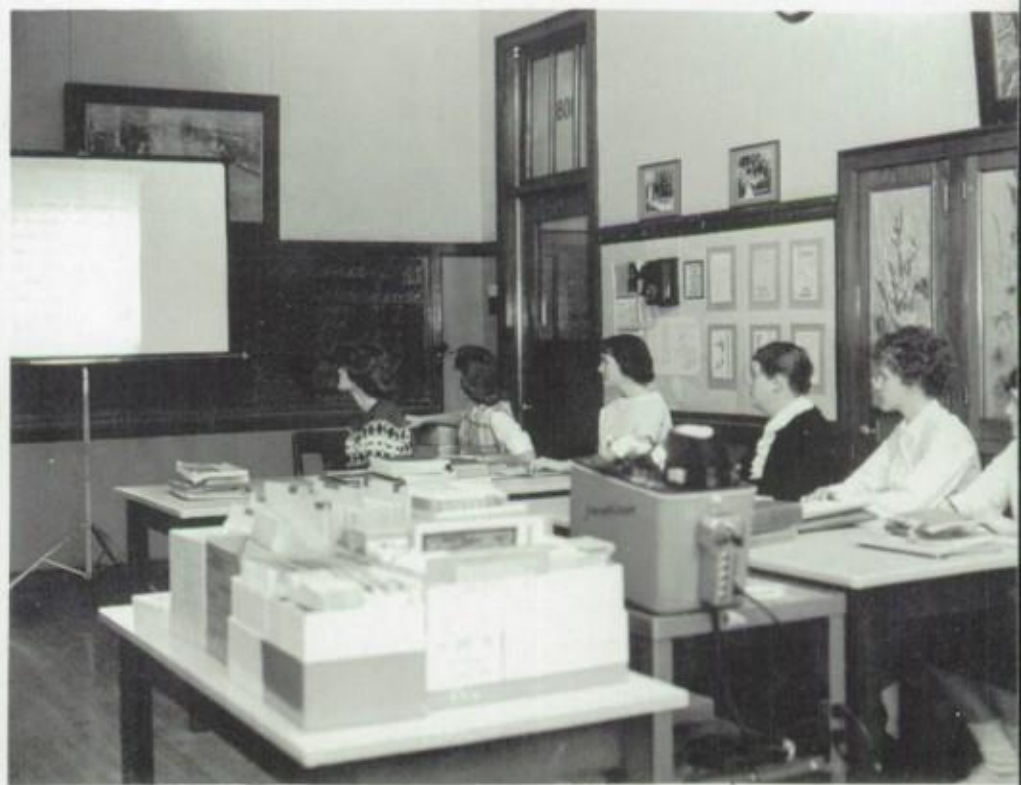

Executives from a number of business corporations in the area, Dr. Benjamin C. Willis, General Superintendent of the Chicago Public schools, and other school officials were invited to attend the dedication. Here Miss Brueckman demonstrates the Perceptascope.

Marilyn Moody is pictured using a Science Research Associates reading pacer. The booklet to the left of Marilyn is used to determine the accelerator speed settings.

This is a typical scene to Eileen Long, Doret Cunis, Pat Fritzsche, Lillian Mainochi, Marguerite Schmidt, and Marianne Reading, members of Miss Brueckman's 7X English class. The graphs on the bulletin board show class progress.

The controlled reading unit of the Perceptascope is demonstrated by Kathy Altergott, Beverly Dencer, Kathy Garvey, Mary Herman, Nancy Krause, and Jackie McQuigg.

BUSINESS MANAGERS

Being in charge of most of the business in a division would be an easy job, if you had nothing else to take up your time; however, the business managers at Taft have other extra-curricular activities and home-work. They do such things as selling Taft Tribs, Ibids, tickets to games, and subscriptions to the Aerie. Mr. Bigler is the man behind the scene that keeps them in the know.

BULLETIN BOARD COMMITTEE

The main job of this committee is keeping the big bulletin board in the lunchroom up to date. The themes vary from week to week and are original and colorful.

In the short time it has been out, it has taken its place along side the Trib and Aerie. Mrs. Hansen is the sponsor this year because of Mr. Sander Postol's studying under a Hayes Fellowship.

STAGE CREW

Have you ever wondered what keeps the concerts and assemblies running perfectly? Now you know; it's the Taft Stage Crew. In addition to all of this, they started a new service this year. At the football games a microphone was nearby to help with the cheers and announce the scores.

BIG BROTHER AND BIG SISTER

The big brothers and sisters are the top seniors selected by Mr. Blacharski who assigns them to freshie divisions. Their job is to acquaint the freshie with the school and its procedure. They also encourage them to take part in the school activities by joining the various clubs and going out for different sports.

PHOTOGRAPHERS

Art Olsen, Bruce Williams, Dennis Day, Steve Miller, and John Lorenz.

These camera shy boys are responsible for taking pictures at Taft football games. Taft is the only school to have wide-screen movies of their games. This is due to the boys who operate the cameras and the generosity of the Football Parents' Club that purchased the equipment. The Taft Trib and Aerie employs their services also.

NATIONAL HONOR SOCIETY

The National Honor Society, under the direction of Mrs. J. Fox, is an organization for those students who have maintained an "E" average during their four years of high school. The induction ceremony occurs once a semester followed by a tea honoring the inductees.

THE AWARD

The purpose of the service award system is to offer some tangible symbol or recognition to those students who contributed most to the general well-being of Taft by their participation in various service activities. This symbol is the shield; the award is one of the highest honors given to a student. Sixty service points earns a shield, and the chevron requires an additional thirty point.

MIXED

Under the direction of Mr. James Stamm, the Taft Mixed Chorus performs each year at the Christmas, Lenten, and Spring Concerts. This year, as last, the Chorus caroled at The Sun-Times Plaza during the Christmas Holidays.

Bi-annually the Chorus holds a banquet in honor of the graduating seniors. Taft can be very proud of this outstanding Chorus.

BAND AND ORCHESTRA

With a clash of cymbals and a roll of drums, the Taft Band and Orchestra, under the direction of Mr. Walter Freedman, whip into action. Members of these groups are able to increase their appreciation for good music while playing the instrument of their choice.

The Band and Orchestra perform bi-annually at their Fall and Spring Concerts. This year we had the added attraction of hearing the Band at the football Pep Rallies on our campus, and at Mayor Daley's PREP BOWL FOOTBALL GAME.

R.O.T.C. BAND

The Taft R. O. T. C. Band is under the direction of Mr. Walter Freedman. Each year the group parades on Cadet Day downtown and plays at the Federal Inspection. This organization is open to any boy interested in music, even if he is not a member of the R. O. T. C.
